Bro Phelps

The Boston association of min-
isters meet on Tuesday of next week. As you
must make your arrangements to be here on
Monday. Several students from Andover are
expected. Bro Turner was here yesterday on
his return from there. He says that the
letter about which so much has been said is now
making a noise among the Trustees of that
Institution. I am really fearful what the re-
sult may be. I have no doubt but the contents
of it are greatly exaggerated from the account
which Prof Stuart gave Turner respecting it.
I suspect from what I can learn that very
little notice has been taken of your last commu-
nication, while the first is repeated day after
day. So much candour & honesty there is in the world!

Last Sabbath I went to Norton & had somewhat of
an interesting time. The orthodox party there how-
ever is quite small & cannot support preaching at
present. Next Sabbath I come near you to Sh
burne — I shall probably remain here till af
ter the anniversaries & then return to C
Perhaps you will be able to tell pretty nearly
by that time whether you remain at N
I do not wish to decide about going to Berlin
until I ascertain that fact — I yesterday
wrote a letter to Attwater to know if he can
come on to preach as a candidate at Well-
fleet on the Cape. Their old Minister is de-
mitted about this time & the Dr intends to
have a Yale man ready to step right in
to his place — It is a fishing town containing
about 2000. & will pay from 6 to 700 dollars
salary — In haste Your Bro
